The 'PRE-FILL SAQ' form includes a 'Terminal Information' section with a dropdown menu for 'What type of POS device do you use?'. The dropdown list shows 'Terminal', 'Clover Station Pro', 'Clover Mini', and 'Clover'. Below this, there is a 'Saved data' section.

The 'AD-HOC REPORTING' form includes a 'BUSINESS INFO' section with checkboxes for 'Merchant ID', 'DBA Name', 'Legal Name', and 'Address'. The 'Merchant ID' and 'DBA Name' checkboxes are checked.

The 'UPLOAD MERCHANTS' form includes a 'FILE VALIDATION' section with a 'Select file for upload' button and an 'Upload' button. Below this, there are dropdown menus for 'Select Iso...' and 'Select Bank...'. At the bottom, there is a checkbox for 'Show full validation log' and a question 'IF THERE IS A DUPLICATE COMPANY, DO YOU WANT TO HANDLE?'.

The 'IsoApi' form includes a 'GetMerchantInfo' section with a 'Test' button. Below the test button, there is a table with columns 'Parameter' and 'Value'. The table contains three rows: 'userName:', 'password:', and 'mid:'. Below the table, there is a 'SOAP 1.1' section with a sample SOAP 1.1 request.
